Republicans Lay Plans For Sidetracking Ford Offer; U. S. to Develop The Shoals Project

**EMBARGO PLACED
ON SHIPMENTS OF
COAL ACROSS THE
BORDER TO CANADA**

Recommendation of President
John L. Lewis Falls On
Deaf Ears

**MINE WORKERS' HEAD
AGAIN IS WITNESS**

Pet Plan of Congressional Lead-
ers Rejected By Miners
Chief

(International News Service.)
BUFFALO, N. Y., April 4.—An
embargo went into effect at mid-
night last night on all coal going
into Canada. As a result not a
pound of bituminous coal now is
crossing the border.

WASHINGTON, April 4.—The re-
commendation of John L. Lewis, pres-
ident of the United Mine Workers
that the government take over the
coal mines and operate them, in the
interest of the public, as the only
permanent cure for the ills with which
the industry is affected, left congress
cold today.

Even the most ardent advocates of
government ownership entertained no
hope that such a program could be
put through, although many members
of congress are convinced that sooner
or later, as Lewis said, some such
remedy will have to be found.

The positiveness and apparent de-
termination on both sides left con-
gressional investigators in somewhat
of a quandry today, although they pur-
sued their inquiry into conditions
leading up to the controversy.

Lewis again was the principal wit-
ness. A pet plan with some members
of congress was emphatically rejected
by the miners chief. This scheme
contemplated the establishment of a
governmental agency to fix wages and
regulate working conditions.

Quarter of Million In "Back Taxes"

(International News Service.)
WASHINGTON, April 4.—More
than a quarter of a billion dollars in
uncollected and contested taxes will be
garnered by the government this year
and devoted to relieving some of the
embarrassment incident to the huge
falling off in this year's returns, ac-
cording to estimates made today by
treasury officials. This, it was stated,
will be one of the chief beneficial re-
sults from the general shake up of the
business department of the govern-
ment, now in progress.

There are now on the books of the
treasury department more than \$1-
000,000,000 in back taxes, with pros-
pects that that enormous amount will
be increased as the business progress-
es of getting the books on a current
basis.

Many of them are war claims, aris-
ing out of war profits which the an-
tiquated machinery of the treasury
has not been able to reach in the four
years since war stopped.

Circus Will Show Here This Month

Agents of the Gollmer Bros. Shows,
declared to be one of the largest tent-
ed attractions now touring the South,
were here today completing arrange-
ments for the appearance of the circus
here this month. The attraction will
be under the auspices of the Tennes-
see Valley Shrine club.

COTTON MARKET

NEW YORK, April 4.—Heavy rains
in Texas led to buying of cotton by
Wall street, local operators and New
Orleans interests at the opening of
the cotton market today. First prices
were one to four points higher and
the list quickly registered net gains
of about 10 to 12 points.

**Girl Wife Quits Aged Millionaire
Husband "For Good," She Says**

MRS. JONATHAN GODFREY and JONATHAN GODFREY.

After three years of apparent happiness as the girl wife of Jonathan
Godfrey, seventy-six year-old millionaire, of Bridgeport, Conn., Mrs. Es-
telle Mudge Godfrey, twenty-one, is planning legal action for separation.
"I have left Mr. Godfrey for good," she declares. "It is a case of incom-
patibility. I do not intend to return to Bridgeport at any time." The
aged millionaire does not know why his wife left him, he asserts. He
has dispelled the "other man" theory and declares that he still loves her.

COTTON MARKETING PLAN TO BE GIVEN AT MEETING HERE

Cotton marketing plans of the Ala-
bama farm bureau will be explained
tonight at a meeting in the chamber
of commerce rooms at 7:30 o'clock
when several speakers will deliver ad-
dresses under the auspices of the
county bureau.

Monday speakers addressed a meet-
ing at Windes, tonight they will speak
in Albany Wednesday in Priceville
and Somerville, Thursday in Gum
Springs, Florette and Ryan, Friday in
Eva and Falkville and Saturday in
Danville. Among the speakers who
will be heard here are R. J. Morgan,
of Montgomery, and J. S. Kernachan,
of Florence.

Members of the bureau explained to-
day that "The farmers of Texas re-
ceived \$15.00 more per bale last year
by selling through their association.
This method of selling netted them
\$3,000,000 more for their cotton. Tex-
as, Oklahoma, Arkansas, Arizona,
Mississippi, North Carolina, and
Georgia each have a co-operative
selling association for their cotton
and have signed more than 2,000,000
bales of this years crop.

The farmers of Alabama through
their state Farm Bureau are now
setting up a similar association for
selling their cotton and will sign up
200,000 bales."

One Juror Here Wanted To Serve

Funny things some times happen
around the county court house during
court terms. Yesterday a gentleman,
not perhaps knowing the rules under
which all jury venires are drawn, im-
portuned the circuit clerk and Solicitor
Almon to place him on the jury as he
had nothing special to do for that
week. He was promptly informed by
these gentlemen that it was impossible
to comply with the request for the
good and substantial reason that it
was a violation of the law of the land
to undertake such procedure.

STRICT MEASURES PLANNED TO HALT IRISH DISORDERS

(International News Service.)
LONDON, April 4.—The total cas-
ualties in Belfast, from February 10
to March 26, were 90 killed and 201
wounded, Colonial Secretary Winston
Churchill announced to the house of
commons this afternoon.

Sir Hamar Greenwood, chief secre-
tary for Ireland, told commons that
the Irish provisional government at
Dublin is planning the strictest pos-
sible measures to prevent persons from
carrying arms except in the perfor-
mance of police or military duties.

Poll Lists Ready For Publication

The work of completing the poll tax
list of the county is practically com-
plete in the probate judge's office,
with the exception of rechecking to
see if any names have been inadver-
tently left off in transcribing them to
the list made ready for the printer. It
has been a big and laborious job, as
great care must be exercised in get-
ting in proper shape for record.

BATTERY READY

MONTGOMERY, Ala., April 4.—
(Special)—The battery of artillery or-
ganized at Troy is ready for muster
into the Alabama National Guard and
the officers of the battery today re-
quested the military department to
make the final inspection April 12.
When this organization has gone into
the service the work of completing
the battalion of firing batteries al-
lotted to Alabama will have been com-
pleted. The battery will be equipped
with 75 millimeter guns, horse drawn.

RIVER UP

VICKSBURG, Miss., April 4.—River
conditions in this district are un-
changed today, the Mississippi still
rising slowly. The gauge here today
is 49.8 feet, a rise of half a foot in
the past 24 hours.

NORRIS ESTIMATES TAKE SIX MONTHS TO PUT OPERATION LEGISLATION THRU

Chairman of Agriculture Com-
mittee Not Hopeful of An
Early Settlement

**MOTION TO APPROPRIATE
\$7,500,000 IS MADE**

Senator Harrold, of Oklahoma,
Offers Amendment in the
Senate

(International News Service.)
WASHINGTON, April 4.—It will be
at least six months before congress
will reach a decision on the offer of
Henry Ford to take over and operate
the government nitrate plant and
waterpower project at Muscle Shoals,
Senator Norris, of Nebraska, declared
today.

Norris said that in all probability it
would be a full year before the legis-
lation got through congress, even if
everybody favored it. The committee
gave tentative approval to the pro-
posal to appropriate \$7,500,000 to re-
new the work at Muscle Shoals, but
final action was held up until to-
morrow.

It was decided to start hearings
next Monday on all offers for the
project, including Ford's. Immediate
resumption of work on the project is
necessary, Chairman Norris said, to
save the government millions in prop-
erty which otherwise would be de-
stroyed by the elements.

The proposal to appropriate \$7,500-
000 for the project was offered as an
amendment to the army appropri-
ations bill now in committee hearings.
Senator Harrold, Republican of Okla-
homa, made the motion declaring he
favored acceptance of Ford's offer if
the contract would protect the govern-
ment's interest.

It was explained that of the \$7,500-
000 to be appropriated, \$200,000 would
be immediately available for work
during the remainder of the current
fiscal year, which ends June 30.

The remainder, \$7,300,000, is the
cost of construction for a full fiscal
year and would carry the project up
to June 30, 1923. All this work would
be done on Wilson Dam where the
Tennessee river is blocked by coffer
dams and incomplete structures,
Chairman Norris said.

No appropriation is available for
Dam Number 3, above the Wilson
Dam.

Slight Damage In Bank House Fire

At 10:15 o'clock this morning con-
siderable excitement was occasioned
by the burning out of a short circuit-
ed wire in the banking rooms of the
Central National bank. The Albany
fire department responded. Damage
was slight. Defective wiring was
given as the reason.

CONDUCTOR KILLED

BIRMINGHAM, April 4.—R. H.
Smith, conductor, was instantly killed
and William Caudel, engineer, was
seriously injured when a Birmingham
Southern freight train was derailed
near here today. A brakeman and
fireman sustained minor injuries.

Member of Grand Jury Indicted On Liquor Manufacturing Charge

Will Mooneyhan, of near Som-
erville, was placed under arrest
here on an indictment returned
by the grand jury of which he
was a member. The indictment
charged Mr. Mooneyhan with
manufacturing liquor.

The defendant was one of the
members of the jury, empaneled
Monday morning in the circuit
court. Later witnesses summoned
by County Solicitor T. C. Almon
made their appearance and while

Fort Commander Is Slain By Judge

Lieutenant Colonel Beck Shot To Death
In Home of Oklahoma City
Financier

(International News Service.)
OKLAHOMA CITY, April 4.—A
struggle which ended with the blind-
ing flash of a revolver, and a choking
cry of pain, brought death here today
to Lieutenant Colonel Paul W. Beck,
commandant of Fort Sill, nationally
known in army circles and prominent
in society.
He was slain at the home of Jean
Day, former state supreme court judge
and prominent Oklahoma financier. It
was Judge Day's hand which held the
gun, but the shooting, according to
an investigation by police, was ac-
cidental. The weapon was discharged,
it was said, as Day attempted to strike
the army officer over the head, after
he had found Mrs. Day struggling in
Beck's embrace.
Judge Day had returned to his home
after taking a party of guests to
their homes, following a card party,
when the shooting occurred.

TRAMMELL SPEAKS AT C. C. FRIDAY LIBRARY ASS'N TO MEET IN DECATUR

A. C. Dillehay, president of the lo-
cal retail merchant's association, an-
nounced today that W. V. Trammel,
secretary of the retail merchants' as-
sociation of Birmingham, has ac-
cepted an invitation to speak to the
members of the local organization Fri-
day night at 7:30 o'clock. The meeting
will be held in the chamber of com-
merce rooms and a cordial invitation
was extended all members to be pres-
ent.

J. W. Griest, of Chicago, manager
of the Retail Merchants' Institute, of
Chicago, last night addressed a large
crowd of local merchants, salesmen
and others interested in the retail
trade. He delivered an inspirational
address which was heard with much
profit.

Four Bandits Rob Bank Messenger

(International News Service.)
ST. LOUIS, Mo., April 4.—Four
bandits today boarded a street car
and robbed Harold Kerremar, 17,
a messenger for the Watertower bank,
of a satchel containing \$5,500 in cash
and \$1,600 in bonds and coupons. The
bandits escaped in a high powered au-
tomobile which they had previously
stolen. The bank's loss is covered
by insurance.

FARM LUMBER CO.

MONTGOMERY, Ala., April 4.—
(Special)—Choctaw county has been
given another large lumber company,
according to a certificate of inspec-
tion filed with William P. Cobb, sec-
retary of state, today. The Turkey
Creek Lumber company has organized
for business in that county with an
authorized capital of \$100,000, of
which \$42,400 has been paid in. J. I.
McCain and several others are in-
corporators and the company will engage
in the lumber and kindred business.

APPEALS CASE

MONTGOMERY, Ala., April 4.—
(Special)—Charles Stoudemire, con-
victed of murder in Jefferson county
December 10 and sentenced to death,
has appealed to the supreme court for
another trial. His certificate of ap-
peal was filed with the supreme court
today and the case will be submitted
during the second call for the term
which will be taken up Tuesday and
will continue until June 30.

PREPARES RECORDS

Tax Collector J. H. Hill is busy get-
ting his books in shape to make set-
tlement and statement to the state
auditor, which is required within the
next few days. The list of delinquents
is also being made up and will be
given to the printer within the next
few days.

DOCKET TAKEN UP

Circuit Court adjourned Monday
evening shortly after assembling un-
til Tuesday morning, the docket for
that day being completed. The work
of the court was taken up Tuesday
morning, and from now on the days
will be crowded with business to the
closing session.

UNCLE SAM WILL BE BIG BOSS OF JOB ACCORDING TO PLAN OF SENATE LEADERS

Appropriation Sufficient to Com-
plete Wilson Dam Will
Be Rushed

**DEMOCRATS PREPARE
FOR A WARM BATTLE**

Minority Side Will Fight The
Movement "To a

(International News Service.)
WASHINGTON, April 4.—Uncle
Sam and not Henry Ford will operate
and develop Muscle Shoals and Ford's
offer will be quietly sidetracked, ac-
cording to plans laid today by Repub-
lican leaders when the senate agricul-
ture committee began final consid-
eration of the matter.

It was agreed that an appropriation
sufficient to complete Wilson Dam
should be rushed through congress at
the earliest opportunity and Ford
thereby eliminated from the situation.

It was contended that only because
of the possibilities as a preparative
measure the Muscle Shoals nitrate
plant should be completed and not al-
lowed to slip into control of a private
individual.

It was argued that its future value
from a military standpoint far ex-
ceeded its commercial possibilities for
the manufacture of fertilizer.

Democratic senators were prepared,
however, to renew their fight for the
acceptance of Ford's offer and a hot
battle over it in the senate was an-
ticipated before the Republicans suc-
ceeded in carrying out their plans.

Senator Norris, Republican of Ne-
braska, chairman of the senate agri-
culture committee, was of the opinion
that the Ford offer would be dropped
for the rest of this session at least
and he was prepared to push the pro-
posed appropriation for completion of
the Wilson Dam.

C. L. U. Meets In Regular Session

The Central Labor Union met in
regular session last night, with a good
attendance present. After the regu-
lar routine of business, speeches were
heard from a number of visiting
friends of the movement. On an-
nouncement that the Carpenter's Union
had elected D. C. Jones as their dele-
gate to the educational meeting to be
held in Birmingham April 13, he was
endorsed as the representative of the
Central Labor Union to attend the
meeting.

Under installation of new officers,
President Spain was installed as chap-
lain; Lee, of the Carpenters as finan-
cial secretary; and Brown, of the newly
organized Moulder's Helpers Union as
door keeper. Election of delegates to
the state federation of labor, which
meets in Gadsden in May, was gone
into and partially completed, and on
motion will be finished at the next
regular meeting on April 17.

RATE CASE UP

MONTGOMERY, Ala., April 4.—
(Special)—The famous Mobile pig
iron case which was an issue in po-
litical campaigns in days gone by bobbed
up again before the public service
commission Monday when R. G. Cobb,
manager of the traffic bureau of the
Mobile chamber of commerce, gave
testimony in support of the contention
of his bureau and the Mobile Pulley
and Machine works that the rates on
pig iron now collected for transpor-
tation from Birmingham to Mobile
are unjust and unreasonable.

TO LIGHT MARION

MONTGOMERY, Ala., April 4.—
(Special)—Marion, Perry county, will
be furnished electricity by the Ala-
bama Power company. The public
service commission today granted the
company a certificate of convenience
and necessity which will permit the
construction of a transmission line to
Marion. Work will be started at once.

WE FAVOR ACCEPTANCE OF HENRY FORD'S BID FOR MUSCLE SHOALS.

THE DEVELOPMENT OF THE SHOALS ASSURED; NEXT GET FORD FOR THE JOB.

It is a cause for thankfulness to all true friends of Muscle Shoals, that the spokesmen of both Houses of Congress have gone on record as favoring the completion of the project. They have gone further than that, they have said that it would be wasteful to delay longer. Will they not come a step nearer the whole truth and say it is wasteful also not to let some one have the job of developing the Shoals power who is capable of doing it right?

So far is good. It is a long cry from the Congressional majority view of a year or so ago, when the sentiment prevailed that the work already done on the Wilson dam, should be abandoned, and the great nitrate plants scrapped out right to the present admission that the work should go on. The vote at Washington last year on the proposal to continue the appropriations for completing the work forever stands as an indictment of the opposing members of congress.

When the negative decision of Congress fell like a cruel blow, many gave up, and concluded that as long as the government was against the project, it was hopeless. Because so many became discouraged, there is that much more reason why we should honor those who persevered, and who sought a way out. No doubt when the record is unfolded, it will be found that many of those most active now in behalf of Muscle Shoals, were the ones who set about getting a man or corporation to make an offer to complete the project. At least one man is now known to have been hopeful and resourceful in the dark hours preceding the light—Col. J. W. Worthing. He it was who is credited with going to Henry Ford, and in a day's time or less, securing that great man's approval of the project and a promise to do what he could to relieve the situation.

What Mr. Ford offered to do after visiting the Shoals, has been instrumental in arousing the sentiment of the American people, to where they will not now think of scrapping the works, under any circumstances. Both the friends and enemies of Mr. Ford's bid, have contributed to the nation-wide change of sentiment.

But from now on, it must be the friends of Ford who must influence the nation if the best interests of the Shoals are to prosper. It was not the wish of its enemies that the Shoals issue should ever be raised following the war. When they did finally sit up and take notice, it was solely in self defense. While all that such men said has redounded to the good of the Shoals project, it was not so intended by them. Their selfish short sighted policy, was simply overruled in some mysterious way, for the lasting good of the project. But now none but the friends of the project can help it. Its enemies, in giving the whole matter publicity, have done all the constructive service possible for them to do. What such men will do and say from now on will be totally and absolutely destructive to the great enterprise. In a word their next move is to put some man or set of men in charge, at Muscle Shoals who will manage things in such a way, as that only a few will get the benefit. The constructive work for the friends of the project now, is to convince the American people that to put any other than Ford, in charge would be wrong. Just as the people have been taught, that it is to their interests to develop their water power at Muscle Shoals and open the Tennessee river to navigation, so can they be made to realize that it is equally important that they get Ford to do the job, since no other person or corporation has or will offer to complete it to the profit and satisfaction of the whole nation.

ALIENS' AMONG US.

In Detroit there are 30,000 alien factory employees—and 20,000 former soldiers are reported out of work. Henry Ford exploded a bombshell in the situation by ordering an addition of twenty percent to his force, the jobs to go to none but ex-service men; and the American Legion has been making a strong sentiment in that city and elsewhere to give first opportunity for earning to the men who upheld the flag in time of stress.

The foreigners, sensing the trend, are seeking first naturalization papers. Some do not comprehend what they are doing—merely "demanding" "working papers," so reports ayer. Judge John Faust, of the American Employment Committee of the Legion, characterizes the effort of these foreigners as "a disgraceful prostitution of American citizenship." Many of these aliens now seeking to be enrolled—for revenue only—are on the records as having claimed their foreign citizenship, and refused service with the colors.

Something is wrong with our immigration system. Something must be wrong with any system which permits the entrance of that class of foreigners who come but to take from us all they can possibly get and then leave when they are satisfied with their earnings. They contribute nothing in taxes. They have no responsibilities of citizenship—nay, they are the greatest disturbing element in trying to tear down this hospitable roof which shelters them. Hundreds of thousands of them remain here for years, and never even take out their first naturalization papers. They care nothing about our government, state or municipal. They are not desirable additions at all. Some study should be given the immigration law.

in the way of devising a method to eliminate this class of foreigner. He should be allowed to enter with a maximum of five years' residence allowed, and made to pay a poll tax each year. If after five years he has not filed intention of becoming a citizen, he should be compelled to leave. The United States has long enough been the dumping ground for this class of people. The treatment given them is unfair to native workers of this country, and creates a situation undesirable in all its aspects.—Mobile Register.

DEAD IN EXILE.

Death may have been kind to ex-Emperor Charles, of Austria-Hungary. He was eating out his heart in defeated ambition, and bitterness. There was no content and no happiness for him off the throne of his forefathers. He was all the more unhappy because he knew both Austria and Hungary wanted him to come back, and that he was kept from imperial power by his victorious enemies.

Yet, as long as Charles lived he was necessarily a factor in disturbing the peace of Europe. The mere fact that his subjects wanted him, made him a dangerous factor. For, they have made it plain that they wanted to see the family of Hapsburg back in power, but they merely took it out in wishing. They knew that if Charles was set up on the throne of the Hapsburgs, it meant war. The Balkan countries, who fought with the allies were ready to march over the borders if Charles was restored. The larger allied countries had informed the Austrians and Hungarians that they would also exercise force if any member of the Hapsburg family was put upon the throne.

Yet, from the day Charles was forced to flee from Austria until his death Saturday, he never ceased to intrigue for the throne. His first place of exile, a castle in Switzerland, was a pleasant and agreeable place. Charles might still be enjoying its security and restfulness, if he could have regained his patience and content. But he made two invasions into Austria and Hungary. Once he and the Empress flew over the border in an airplane. We rather fancy that the Empress Zita was more restless and ambitious than her husband. She was continually writing bitter, complaining letters out of her exile in the Madeira Islands, where Charles was sent after his last unsuccessful attempt to regain his throne.

What effect the death of the exiled ex-Emperor will have on the monarchists of Austria and Hungary remains to be seen. It may stir them to greater activity to get a king. In Hungary, Admiral Horthy, the regent, is described "as the last autocrat in Europe, who is planning to make himself king." But the old reigning house of the Hapsburgs hold the affection of the people who want a king on the throne.—Montgomery Advertiser.

This year promises to be a repetition of the plan pursued last year on the part of the farmers of the county in the plan of making the present crop. There will be a curtailing of expenses to actual necessities. This is being reflected in the credit sales of the county, very few indeed making accounts as compared with former years. This idea born of necessity during 1921, is bearing fruit, and the present crop will be made at the least possible expense. Most every farmer in the county has corn and hay, two commodities which he has heretofore had to buy each year in large quantities, raising cotton to pay for them. With many curing houses over the country he knows that he can take care of the surplus crop of potatoes, and he has it thoroughly instilled in his mind to make at home what he consumes at home and raise his cotton as his surplus and money crop. This plan seems a winner. Certain it is a fact that he cannot buy the things which should be raised at home with his cotton and hope to prosper; this has been tried for lo these many years. There are many prosperous farmers in the county, their rule is the above; to raise at home the necessary things upon which to subsist, and cotton is the crop and will always be the money crop of this section.

The advent of the farm bureau organization and the helpful plans put on foot to market the staple to the best possible advantage will go a long way toward solving the problem of raising a profitable cotton crop.

The number of motor driven vehicles in the United States has increased over one million in the past year. The motor driven car has come to stay. Better roads mean more care. With the great impetus given road building in this state the present year there will be a likewise greater number of cars. Improved highways are the avenues through which increased sales of motor driven cars get their increase of sales. We are just in the infancy of the motor age. It will increase proportionately as the better road building programs are carried out by the different states. The south is just beginning to awaken to the great possibilities of good highways, and Alabama is now thoroughly awake as never before in her history. The present year will mark a beginning that will not end until every road in Alabama is a passable highway the year round.

While nations augur over minor things, compared to the massacre of helpless Christians in Armenia, the unspeakable Turk continues his harvest of death unmolested on those people who have stood for christianity throughout the centuries. Where are the christian nations and what are they thinking about?

It was said that the new era which dawned with a World War was to do away with the old order of things, namely: that trouble in other lands was the problem of its people only. That under the new Democracy which dawned by the shedding of much blood and the expenditure of much treasure, that anywhere and anytime the things which were not right were my problem and your problem, it mattered not where we were located or where the wrong was being perpetrated. Has it been so soon forgot?

There is a constant warfare within the breast of each individual between right and wrong. Right may predominate, and the acts of that individual be of the correct kind. But, the element of wrong is always assertive and no one can attain to that high estate but that this element is present also. By correct methods it may be held in check, but, the suggestion is always forthcoming.

"She's been to Reno."
"Renovated, eh?"

Girls, How Come?

Some of the girls are wearing shoes with snail bells attached. The short skirt must be losing its power.

An Answer to Wednesday's Poem to the Editor and Reporters of the Daily

Yes, the work that you're doing,
We appreciate so much;
Telling us what Ford is planning,
And of Muscle Shoals and such.
We sure do miss your daily paper
If it isn't left each day;
So please keep The Daily going,
And we'll help to make it pay.

So, three cheers to the Editor,
Three cheers for your reporters, too,
For The Daily cheers a fellow,
When he is feeling blue.
—Dorothy Giles Kaufman.

AN ORDINANCE

Granting an Electric Franchise to Alabama Power Company. Its Successors and Assigns. In the Town of Fairview.

Be it ordained by the Town Council of Fairview, as follows:

Section 1. In consideration of the benefits that will accrue to said Town of Fairview, and the inhabitants thereof, Alabama Power Company, its successors and assigns, hereinafter referred to as the Grantee, is hereby given and vested with the right, authority, easement, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said Town of Fairview, a plant or plants and system for the manufacture of electric current for all purposes whatsoever.

Section 2. The said Grantee is hereby further given and vested with the right, authority, easement, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said Town of Fairview a system of poles, towers, conduits, cables, conductors, transforming stations, fittings and all appliances or appurtenances necessary or desirable to the transmission, distribution, or sale of electric current for all purposes whatsoever in, over, under, along, upon and across all streets, avenues, alleys, ways, bridges and public places in said Town of Fairview, as they now exist or may hereafter be laid out or extended, together with the further right, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain and operate such poles, towers, conduits, cables, wires, conductors, transforming stations, fittings and all appliances and appurtenances necessary or desirable to the transmission within, unto, through, over and beyond said Town, and furnishing, supplying and distributing to said Town and to the inhabitants and corporations both within and beyond the limits thereof, electric energy for lighting, heating, power and all other purposes for which electric energy may be used now or hereafter, and for the purpose of extending its lines and furnishing electric current beyond the limits of said Town of Fairview.

Section 3. The poles, towers, conduits, cables, conductors, transforming stations, fittings, appliances and appurtenances shall be so constructed as not to unreasonably interfere with the proper use of the streets, avenues, alleys, ways, bridges and public places in said Town, and shall be maintained in reasonably good condition and repair.

Section 4. Whenever the Grantee shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges or public places of said Town, for the purpose of installing, maintaining, operating, or repairing any poles, towers, conduits, cables and other appliances, the work shall be completed within a reasonable time, and the Grantee shall upon the completion of such work restore such portion of the streets, avenue, alley, way, bridge or other public place to as good condition as it was before the opening or alteration was so made.

Section 5. The Grantee shall hold said Town harmless from any and all liability or damages resulting from the negligence of the Grantee, in the construction, maintenance or operation of said poles, towers, conduits, wires, cables and other appliances.

Section 6. The Grantee may, from time to time, declare, make and enforce reasonable rules and regulations as a condition for the sale or distribution by it of electric current to any person, firm or corporation.

Section 7. In the event the supply of electric energy should be interrupted or fail by reason of accident or other wise beyond the control of the Grantee, the Grantee shall restore the service within a reasonable time and such interruption shall not constitute a breach of this franchise, nor shall the Grantee be liable for damages by reason of such interruption or failure.

Section 8. The Grantee shall install and maintain meters for measuring current, and shall have free access into the premises of the consumer, from time to time, for the purpose of reading, repairing, testing and maintaining the meters and appurtenances, and shall have the right to make a minimum charge of one dollar per month per meter for service furnished hereunder, whether electric current of that value is used or not. Such meters shall be furnished and maintained by the Grantee free of charge, and shall remain the property of the Grantee.

Section 9. The Grantee shall not have the right to charge for electricity for lighting purposes under this franchise in excess of the following rates, subject, however, to the right of alteration, regulation and revision as provided in Section 10 hereof:

For the first 200 Kilowatt hours per month, 10c per Kilowatt hour.
For the next 300 Kilowatt hours per month, 7 1-2c per Kilowatt hour.
For the next 500 Kilowatt hours per month, 5 1-2c per Kilowatt hour.
For all over 1,000 Kilowatt hours per month, 5c per Kilowatt hour.

The Grantee shall not be required to furnish electricity to any person, firm or corporation until satisfied of their financial responsibility and may require reasonable security to insure payment for electric energy to be furnished hereunder. All bills for electric energy used for lighting purposes shall be subject to a discount of 10 percent, if paid at the office of the Grantee in said Town, within ten days after the day on which the bill is rendered, which discount shall not, however, reduce the net monthly bill below said minimum charge of one dollar.

Section 10. The rates charged for electric energy furnished hereunder shall at all times be subject to alteration, regulation and revision by the Alabama Public Service Commission, or other State Commission vested with such power.

Section 11. Wherever in this ordinance either the Town or the Grantee is named or referred to, it shall be deemed to include the respective successor, successors or assigns of either, and all rights, privileges and obligations herein conferred shall bind and inure to the benefit of such successor, successors, or assigns of said Town or of the Grantee.

Section 12. The Grantee, its successors or assigns, shall within ninety (90) days after the approval of this ordinance by the Mayor, file a written acceptance of the ordinance with the

Betrayal of Nurse Sentenced To Die

(International News Service.)

BRUSSELS, Belgium, April 4.—M. Jeans, betrayer of Edith Cavell, British war nurse, was today found guilty and sentenced to death for his act. Miss Cavell was executed by the Germans during their occupation of Belgium on the ground that she was a spy.

SUFFERINGS TO BRING

GOOD, RUSSIANS THINK

(International News Service.)

WOOSTER, Ohio, April 4.—That the people of Russia stoically adhere to the belief that the world will be the better for their suffering after they find "what they are seeking," is the statement made by Don Lowrie, Seville, Ohio. Mr. Lowrie recently returned from Russia, where he spent three years in Y. M. C. A. work.

Many streets in the larger cities in Russia are fenced off because the buildings, uninhabited, are fast crumbling and falling to pieces. Mr. Lowrie told students at Wooster college, during an address. He is a graduate of the college.

The mother of a typical Russian family, that was in more than good circumstances before the days of Bolshevism, is giving piano lessons for such a fee as ten pounds of potatoes a month, said Mr. Lowrie. He declared that this woman's daughter, who performed Red Cross work during the war, sells cakes on the streets for a living.

One hospital in which Mr. Lowrie did some work obtained only sufficient ether to permit one operation a month. Other operations, he said, were performed regularly without any anesthetic.

Town Clerk.

Section 13. There being no newspaper published within the limits of said Town of Fairview, it is further ordained that this ordinance shall be published by posting copies thereof in three public places within the limits of said Town of Fairview, two of which places shall be at the post office and the Mayor's office in said Town and said ordinance shall also be published in one issue of The Albany-Decatur Daily, a newspaper published in the City of Albany, Alabama, with a general circulation in said Town of Fairview, the cost of which publication shall be paid by the said Alabama Power Company.

ADOPTED AND APPROVED, this the 3rd day of April, 1922.

H. G. THORNHILL,
Mayor.

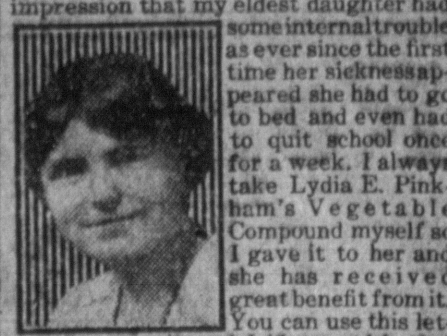

J. F. RICKS,
Town Clerk.

(SEAL.)

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter."—Mrs. W. S. HUGHES, Greenville, Delaware.

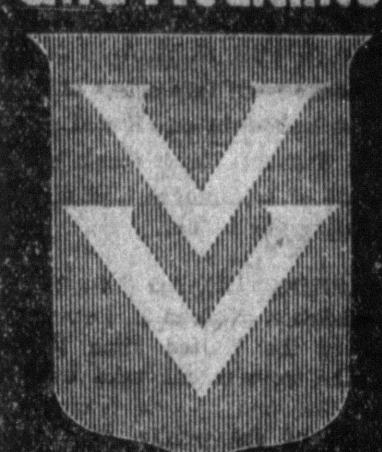

Mother and of tentimes grandmothers have taken and have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others.

The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value.

Mother—daughters, why not try it?

The graduating class of the secondary agricultural school is the largest in the history of the school. On May 2 40 young men and women will be graduated from the school and receive diplomas. The class is composed of 13 young men and 27 young women. The commencement exercises will begin April 28, and will extend to May 3. On Friday, April 28, the girls will hold their annual oratorical contest for the medal offered by the local chapter of the U. D. C. On Sunday the commencement sermon will be preached in the spacious auditorium of the school by Dr. C. P. Atkinson, of Hartford, Ala. On Monday at 8 o'clock the boys selected from a large group will hold their annual declamation contest for the medal offered each year by Miss Pattie Westmoreland. On Tuesday evening at 8 o'clock the graduating exercises will be held and the graduating address will be made by Dr. Henry J. Willingham, president of the Florence normal.

Alvin C. Rhody, son of Rev. W. H. Rhody, a Baptist minister of this place, and Miss Amanda Taylor, daughter of W. M. Taylor, section foreman for the Louisville and Nashville railroad at Athens, were quietly married by Judge Malone at the court house Sunday, March 26.

Clarence Holt, of Pulaski, was here Wednesday on business.

Little Edna Legg has been sick, but is improving.

Mrs. John B. McClellan is visiting her parents, Mr. and Mrs. Moody, in Springfield.

Mrs. M. M. Rosenau returned Saturday from a week's visit to relatives in and around Birmingham.

Judge Thos. C. McClellan, of Montgomery, spent a few hours in Athens Thursday with relatives.

Mrs. G. C. Nelson, of Greensboro, has been visiting her mother, Mrs. J. S. McDole, the past two weeks.

Mr. and Mrs. J. S. McDole have given the little girl who came to their home recently the family name, Ruth Simpson.

Mr. and Mrs. J. W. Simpson, of Birmingham, have been the guests of the latter's parents, Mr. and Mrs. Sam Parham, for several days.

Mrs. Anna Frierson returned Saturday from Columbus, Ga., where she has been the guest of her sister, Mrs. Ed Betts, for several weeks.

Mrs. A. P. McClellan returned Monday from Montgomery, where she has spent the past two months visiting Judge and Mrs. T. C. McClellan.

Mrs. W. L. Martin, G. G. McCracken and P. H. Mears attended an interesting missionary service of the Christian church in Hartselle Friday.

T. E. Gilbert, A. J. Grisham, R. H. Richardson, W. L. Martin, L. D. Glaze, Marion Mitchell, Dr. H. A. Darby and John C. Hightower were visitors to Florence and Sheffield Tuesday.

Last week was Red Letter Week in the Athens Baptist church. Each evening during the week at least 40 people gathered at the church to hear lectures by Miss Wiley and Mr. Moore.

Mrs. J. E. Grog's home was thrown open to the W. M. U. on Monday afternoon, when, in her usual hospitable way she entertained the ladies of this organization. "The Origin and Growth of the Home Board," was

the subject discussed.

Mrs. Leo Warten had the Thursday afternoon club with her last week.

Mrs. W. T. McDaniel had the two-table bridge club with her Friday night.

Mr. and Mrs. Bruce Nelson had the took club with them Thursday evening of last week.

George Rogers spent a few days the past week in Birmingham.

Nick Nichols, III, has been quite ill, but is rapidly improving.

Mrs. Loeb, the charming bride of Mr. Loeb, of the telephone company, is visiting her parents in Giles.

Robert Calvin was called to Pulaski Monday by the death of his mother-in-law, Mrs. Roberts, who died Sunday at her home in that city.

Mrs. Lizzie Reynolds Foote, of Memphis, who has been with her sister, Mrs. W. R. Walker, since her bereavement, left Monday for her home.

Mrs. Elma Cartwright has returned from a visit to Nashville, where she accompanied Miss Schaffer, who was attending the great musical convention.

Messrs. J. H. Tolley and O. C. Ratliff, of Belle Mina, were visitors to Athens the past week.

John Hendricks was a visitor to his brother and other relatives the past week.

R. B. Stonestreet fell from a ladder in front of his place last week and sustained a pretty severe shaking-up.

Mr. and Mrs. Lee Groth, of Baugh, and Mrs. Irb Scruggs, of Nashville, drove through from Baugh Saturday.

Mrs. Groth and Mrs. Scruggs went over to Decatur for a short visit. Mr. Groth remained in Athens, where he has a large shipment of the finest shoats ever brought to this market.

Friends of Mrs. Ossie Smith, formerly of this county, where she has a wide circle of friends, are pleased to learn that she is recovering from an illness of some weeks duration.

General J. H. Peebles and Frank Richardson, of Mooresville, were visitors to Athens Friday.

R. S. Beattie is able to be out without his crutch, after weeks of being housed up with a broken ankle, which he sustained about the last of the old year. He is able to get around now without the use of either a crutch or stick.

S. A. Davis, the efficient and popular city clerk, attended the Shrine ceremonial in Birmingham the past week.

In the recent examination for postmaster at Ardmore, the present postmaster, Alex Austin, led the list by a good margin.

WEATHER

FOR ALABAMA: Local rains and thunderstorms tonight or Wednesday. No change in temperature.

THE MISSIONARY SOCIETY of the Decatur First Methodist Church will hold a bazaar at Harris Garage, Bank street, April 6, 7, 8. Aprons, children's clothes and spring underwear, also cakes, candies, pies and everything good to eat will be found on sale. Luncheon will be served each day.—Advertisement. a4-5

His "Graven Image."

It is quite true that some people adhere so strictly to their own reading of Biblical laws that they refuse to have their photographs taken. These very particular people insist that Exodus 20:4—"Thou shalt not make unto thee any graven image, or any likeness of anything"—forbids the taking of photographs or the painting of portraits.

Can't Do the Work

It's too much to try to work every day against a constant, dull headache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor.

M. Mincher, 715 Fourth ave. W., Albany, says: "My kidneys got out of order and I was up against it for a time. The kidney secretions passed too freely, were highly colored and contained a sediment resembling brick dust. Rheumatic pains settled in the joints of my right knee and I could hardly get about at my work. I had a dull ache across the small of my back and there was a terrible soreness through my kidneys. I used Doan's Kidney Pills and they corrected the disorder of my kidneys and rid me of the rheumatic trouble with my knee. I have found Doan's to be very reliable."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mincher had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

BRITNELL-JACOBS.

A wedding of much interest was solemnized Monday morning when Arthur E. Britnell and Miss Willie Mae Jacobs were united in the bonds of holy wedlock.

The wedding took place at the home of the bride's parents, Mr. and Mrs. W. A. Jacobs, who reside at Fourth avenue, South Albany. The wedding ceremony was performed by Rev. W. P. Wilks, pastor of the First Baptist Church, Albany. Miss Mary Gargos of Nashville, Tenn., acted as bridesmaid, Mr. Richard Nelson being best man for the groom.

Immediately following the ceremony the happy couple left for Chattanooga, Tenn., on their bride trip, returning here April 10, and will be at home to their friends at Fourth avenue and First street, West Albany.

Mr. Britnell is a valued employee of the Malone Coal, Grain & Motor Co., and is deservedly popular with his large circle of friends. The bride is a charming young lady of many accomplishments.

LUNCHEON FOR MRS. STANLEY.

Mrs. E. C. Payne entertained a few friends at a luncheon today complementing her guest, Mrs. R. G. Stanley, of Tonawanda, N. Y. Included in the guest list, which was restricted to a very few close friends, was Mrs. D. T. Harris, of Chicago, who is the guest of Mrs. J. D. Jervis.

Mrs. John Hamlin is in Birmingham today.

Mrs. W. H. Vest and daughters, Misses Madge and Carrie, left this morning for a visit to Birmingham.

Mrs. C. P. Newsome is in Cullman today.

Miss Betty Irwin has returned to Moulton, after visiting her sister, Mrs. W. T. Lowe.

Miss Patty Pardoe, of Franklin, Pa. has returned home after a visit to Mrs. William Kimbrough, of Hartselle.

Mr. and Mrs. Will Kimbrough, who spent the week-end with their parents, Mr. and Mrs. T. M. Jones, have returned to their home in Hartselle.

Mrs. Harbin Miller has returned home after a visit to her sister, Mrs. Law Lamar, in Selma. She was accompanied by her niece and nephew, Mary Lamar and Bibb Lamar.

Mrs. Atlee Hoff is reported improving after an illness of several weeks duration.

Mrs. Frank Harris and daughter, Anne Frances, who are visiting her mother, Mrs. Henry Bynum, in Courtland, are expected home this week.

Miss Sabine Dupont returned Saturday from Chicago, Ill., where she was the guest of her sister, Mrs. Martin Phelan. Miss Dupont was accompanied home by Mrs. Phelan and her two children, who will spend several months with their parents, Mr. and Mrs. C. V. Dupont.

Mrs. Roland Jones and infant daughter were the guests Monday of her sister, Mrs. J. T. Nelson, on Church street.

Mrs. A. A. Hardage is reported ill at her home on Johnston street.

Mrs. C. H. Woodroof, Mrs. J. A. Allen, Mrs. C. U. Campbell and Roy Burns left Monday morning to attend the Hardeman and Pulliam meeting in Nashville.

Miss Katherine Hord, of Birmingham, will leave Friday after a visit to Mrs. E. H. Allison.

Mrs. William Moseley is ill at her home on Line street.

Mrs. Eugene Morrow is reported quite sick this week.

Mr. and Mrs. H. H. Pulliam have returned to Mt. Pleasant, Tenn.

Miss Mildred McQuigg, who has been ill for several days, was able to resume her duties at the Albany school today.

Mrs. Arthur Hames and son, Arthur Jr., will be able to return to their home on Wednesday.

PERSONALS

J. W. Hampton, of Danville, is here today on business.

W. J. St. John, of Florette, is in the city today.

J. B. Patterson, of Lacon, is in the city today.

J. W. Growden, of West Albany, spent the week-end with relatives in Winchester, Tenn.

Henry C. Teague, of Falkville, is here today on business.

S. E. Stewart, of Hartselle, is in the Twin Cities today.

E. F. Mittwee, cashier of the Farmers and Merchants bank of Hartselle, is here today.

Dr. A. M. White, of Hartselle, is a Twin City visitor today.

J. L. Day, of Hartselle, was here today.

Charles Hatchett spent Sunday in Sheffield.

Hector Lane, of Courtland, is in Decatur today on business.

Virgil James was here Saturday on business.

Prof. Sherrill, of Flint, who has been teaching for some time, is reported very ill.

Jervis Jones, who is at the Benevolent hospital recovering from a recent operation, is reported improving rapidly but will probably remain at the hospital for several weeks.

New York Letter
by Lucy Jeanne Price

NEW YORK, April 4—Beauty advice has at last been elevated to its proper importance in life. The other night, one of our radio broadcasting stations sent forth along with its opera music, a talk on "A Budget for Beauty." It would be hypocrisy for one of my sex to pretend that it didn't get rapt attention. It did. It rivalled any song or orchestration on the program. The talk was given by Mrs. Cora Van Norden Coppinger, daughter of the late Warner Van Norden, Wall street financier. Mrs. Coppinger has taken up an interest in the creation and preservation of personal beauty as a protest against the battle-torn scenes which filled her life during the world war, when she made a splendid war record of her own. She insists that beauty is a responsibility to be heeded by every woman according to her ability. It seems strange, until one hears her reasoning that this is the woman who served under the French Service de Sante in Serbia and Macedonia, and later, when we came into the war, worked with the Salvation Army canteens under Col. Barker in his First division. She was recommended four times for the D. S. M., once for the D. S. C., and has the Croix de Guerre from the French government. She is the only American woman to have received regimental, brigade and army citations.

Here's a creature, at last, which comes pretty close to qualifying for the old phrase, "Worth his weight in gold." It's Champion Deykin Surprise, a \$6,000 wire-haired fox terrier that arrived in New York the other day from England, where he had been purchased by Stanley J. Halle of this city.

It is spring, indeed. Here is a romance that proves it. Miss Ruth Lavina Winters, known on the stage as Jacky Winters, was brought before the court of special sessions because a pair of ear rings and a hat had dis-

appeared from a department store under peculiar circumstances. The probation officer spoke to the judge and told something about Miss Winters' blameless past, and the fact that her father is a minister, that she was "up against it" financially, and then—"Your honor, here in court today is Tommy Toner, whom you may have heard of in vaudeville. He tells me that he knows Miss Winter and what is more, he loves her devotedly and tenderly. Nothing would please him more than a double alliance with her, giving her a job on the stage in his sketch and a jog off stage as his wife." The three judges smiled benevolently. Toner stepped up then and added that he had arranged with Chaplain John Callahan, of the Tombs, to perform the marriage ceremony as soon as the formalities could be arranged. "Sentence suspended," said the justice. They were married half an hour later.

Speaking of spring, our fire-cracker shipments are starting on their way toward Fourth of July celebrations. They are already being sent out by the carload for those centers which have not as yet prohibited the sale and use. New York City doesn't allow them, but the big factories that make them are largely located here, on Long Island, Staten Island, and across in New Jersey. The shipments to the Pacific coast from China, the original home of fire-crackers, are only a drop in the bucket compared to those shipped from New York by railroad and by the ships that go around through the Panama canal.

One of the local theatres has attached pedometers to the ankles on its chorus girls in the place of ankle bracelets, so we'll soon be having mileage figures from the dancing reports.

Don't blame your friends who spend a year or so abroad and come back with a decided French or English accent. Maybe that's a natural happening, after all. Here is Mary Louise Spence, 17-year-old daughter of John Spence, of Unionville, Pa., who had to talk to her own father through an interpreter when she landed here the other day. Mary Louise had been in France for nine years and had forgotten all but a few words of her native tongue.

OIL NEWS

English No. 1 drilled seven feet yesterday. Formation, sandy lime. Total depth, 1,987 feet.

ELK'S TEETH BANNED

MONTGOMERY, Ala., April 4—(Special)—Elks' teeth will no longer be used by the Enslay Lodge of Elks on their watch chains, rings and pins. The state conservation department today was advised that the lodge had banned the use of the teeth as a means of conserving the few elk now in existence in the United States and has requested all other lodges in the United States to issue a similar order.

IN MEMORY OF
Brother, Elston H. Allison, member of Albany Lodge No. 461, A. F. & A. M., Died March 26, 1922.
We are deeply sorrowful at the passing from our ranks of Brother Allison, a brother well beloved, genial disposition, exemplifying the principles of the fraternity.
We shall miss his wise council and help. His association was pleasant, he did gladly what he could for the advancement of the order he loved, it is better for having had his companionship.
To his widow we tender our heartfelt sympathy, in her great loss, and commend her to the Supreme Master who ruleth in the Celestial world above, and doeth his pleasure among the inhabitants of the earth. He who can comfort and sustain the brokenhearted and heal all their sorrows.
Be it resolved that we do cherish his memory, and emulate his virtues, covering his short comings with sweet charities mantle.
Be it resolved that a copy be sent to his widow under seal of the Lodge, and a copy be preserved for record, and a copy for publication in the Albany-Decatur Daily.
Respectfully submitted:
HENRY HARTUNG,
C. L. PECK,
L. P. TROUP,
Committee.

LIMBERS UP YOUR SORE STIFF JOINTS

WEATHER exposure and hard work bring pains and aches in muscles and joints. Have a bottle of Sloan's Liniment handy and apply freely. *Penetrates without rubbing.* You will find at once a comforting sense of warmth which will be followed by a relief from the soreness and stiffness of aching joints.

Also relieves rheumatism, sciatica, neuralgia, sprains and strains.

For forty years pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.
